Community Affairs and Security Policy

AGSL shall continue to identify with the needs and aspirations of hers and client's host communities in the execution of its operation.

We shall not operate in isolation and therefore shall liaise with client's communities and relevant government departments in order to ensure a safe and peaceful working atmosphere.

We shall also ensure the building sustenance of solid harmonious relationship with client and communities and shall exhaust every known peaceful strategy to resolved conflict in case of any disagreement.

In all matters, the company shall dialogue with legitimate representatives of the host community to promote mutual trust and benefits.

We shall ensure sound protection of Personnel and property in all our locations through close liaison with and respect to appropriate government agencies.

The Public Relations Department shall remain open to the host community.
